CUT TO CARTON

Every item in this catalogue is produced to your specification — materials, colours, padding, branding and packaging — and shipped worldwide. Not a reseller or trading company: a factory.

# From your idea to your carton — one factory.

01

## Sample

Send a sketch, tech pack or a reference. We develop a sample in 1–3 weeks with progress photos.

02

## Approve

Confirm materials, colours, padding, branding and packaging on a physical sample.

03

## Produce

Bulk production in 3–6 weeks, fully inspected at every stage before it ships.

04

## Ship

Packed under your brand and exported worldwide, with startup-friendly minimums.

### BRANDING METHODS

| Padding  | Layered IMF foam           |
| Weights  | 8 to 16 oz                 |
| Closure  | Strap or lace              |
| Use      | Competition, sparring, bag |

### COLOURS

- ☐ Black ☐ White ☐ Red ☐ Royal Blue ☐ Navy  
☐ Yellow ☐ Green ☐ Orange ☐ Gold  
☐ Maroon

### SIZES

- 8oz 10oz 12oz 14oz  
16oz

### OVERVIEW

A boxing glove has to protect two athletes at once, the hand inside it and the opponent it lands on. Ours are built with layered foam padding and a structured wrist that holds its shape from the first round to the thousandth.

Offered from 8oz to 16oz across competition, sparring, and bag work in genuine leather or premium PU. Every pair is hand finished, double stitched, and ready to carry your brand.

### KEY FEATURES

- Layered impact dispersing foam core
- Structured full wrist support
- 8oz to 16oz weight options
- Attached thumb to reduce injury

### MATERIALS

Genuine Cowhide Leather

Microfiber Leather

PU Leather

### CONSTRUCTION

Hand cut panels over a layered foam core, with a reinforced wrist and double stitched stress seams. Closures available in hook and loop strap or traditional lace up.

### MODEL RANGE

#### Origin

RW-BG-1001

Premium PU build — tuned for volume programs, gym fleets and value retail.

#### Prime

RW-BG-1002

Microfiber shell over an IMF core — the build most brands anchor their range on.

#### Predator

RW-BG-1003

Full grain cowhide, hand-finished, pro-spec padding — fight-team and pro builds.

#### Signature Series

ODM • MADE TO SPEC

Your own design from a sketch or tech pack — materials, padding, colours, branding and packaging to your spec.

### OEM & PRIVATE LABEL

#### MINIMUM ORDER

50 pairs per model (mixed sizes and colours allowed)

#### BRANDING

Embossing / debossing, screen print, embroidery, moulded rubber patch, printed inner lining

#### SAMPLING

1–3 weeks

#### PACKAGING

Poly bag + export carton standard; custom branded boxes, hang tags and inserts on request

#### LEAD TIME

3–5 weeks after sample approval

# Focus Mitts

Curved striking pads built to absorb heavy rounds, session after session.

## AT A GLANCE

|          |                           |
|----------|---------------------------|
| Material | Leather / microfiber / PU |
| Padding  | Layered shock foam        |
| Use      | Coaching and pad work     |

## COLOURS

- Black
- White
- Red
- Royal Blue
- Navy
- Yellow
- Green
- Orange
- Gold
- Maroon

## SIZES

One size (pair)

## OVERVIEW

A focus mitt is only as good as the hand behind it. Ours pair a curved, shock absorbing strike face with a contoured grip bar so coaches can hold pads for hours and read every punch cleanly.

Multi layer foam disperses impact away from the palm while a breathable, sweat resistant lining keeps the fit secure round after round.

## KEY FEATURES

- Curved strike face for clean returns
- Multi layer shock absorbing foam
- Contoured grip bar and finger slots
- Breathable sweat resistant lining

## MATERIALS

Genuine Cowhide Leather

Microfiber Leather

PU Leather

## CONSTRUCTION

Curved multi layer foam bonded to a rigid backing plate, with a contoured grip bar and reinforced edge binding for daily gym use.

## MODEL RANGE

### Origin

RW - FM - 1951

PU cover over a layered foam core — commercial gym duty at a program-friendly price.

### Prime

RW - FM - 1952

Leather cover, denser multi-stage core, reinforced strapping — full-time coaching use.

### Signature Series

ODM · MADE TO SPEC

Your own design from a sketch or tech pack — materials, padding, colours, branding and packaging to your spec.

## OEM & PRIVATE LABEL

### MINIMUM ORDER

50 pairs / units per model

### BRANDING

Embossing, screen print, embroidery, moulded patches, printed linings

### SAMPLING

# Punching Mitts

Compact, fast mitts for sharp combination and reaction work.

### AT A GLANCE

|          |                           |
|----------|---------------------------|
| Material | Leather / microfiber / PU |
| Padding  | Layered foam              |
| Use      | Speed and reaction work   |

### COLOURS

- Black
- White
- Red
- Royal Blue
- Navy
- Yellow
- Green
- Orange
- Gold
- Maroon

### SIZES

One size (pair)

### OVERVIEW

Built for speed, our punching mitts keep the profile slim and the response quick so coaches can flow through fast combinations without fatigue.

A snug hand pocket and secure strap lock the mitt in place, while layered foam protects the palm through high volume sessions.

### KEY FEATURES

- Slim fast response profile
- Snug hand pocket with secure strap
- Layered palm protection
- Ventilated moisture wicking lining

### MATERIALS

- Genuine Cowhide Leather
- Microfiber Leather
- PU Leather

### CONSTRUCTION

Layered foam over a contoured palm with a ventilated lining and an adjustable rear strap for a locked in fit.

# Groin Guards

Low profile groin and abdominal protection that stays put under pressure.

AT A GLANCE

|          |                          |
|----------|--------------------------|
| Material | Foam, moulded cup, PU    |
| Sizes    | S to XL                  |
| Closure  | Elastic waist and straps |
| Use      | Sparring and competition |

COLOURS

- Black
- White
- Red
- Royal Blue
- Navy
- Yellow
- Green
- Orange
- Gold
- Maroon

SIZES

- S
- M
- L
- XL

OVERVIEW

Built to take heavy contact, our groin guards combine a moulded protective cup with layered foam around the abdomen and hips for broad coverage.

An elastic waistband and secure straps keep the guard locked in through clinches, knees, and fast movement.

KEY FEATURES

- Moulded impact resistant cup
- Layered abdominal and hip foam
- Secure elastic waistband
- Adjustable rear straps

MATERIALS

- Microfiber Leather
- PU Leather

CONSTRUCTION

A moulded protective cup bonded to layered foam panels with an elastic waistband and an adjustable rear strap system.

MODEL RANGE

**Origin**

RW-GG-3301

PU / synthetic construction with layered protective foam — club and retail lines.

**Prime**

RW-GG-3302

Upgraded materials and moulded protection zones — competition and heavy-contact use.

**Signature Series**

SIZES

- 2.5 m
- 3.5 m
- 4.5 m
- 5 m

OVERVIEW

Hand wraps are the foundation under every glove. Ours use a semi elastic cotton weave that supports the wrist and compresses the hand without cutting off movement.

A wide hook and loop closure and reinforced thumb loop make them quick to apply and secure through the hardest rounds.

KEY FEATURES

- Semi elastic cotton blend weave
- Wrist and knuckle support
- Reinforced thumb loop
- Wide secure hook and loop closure

MATERIALS

Cotton-Poly Blend

CONSTRUCTION

Woven semi elastic cotton blend with a reinforced thumb loop and a wide hook and loop closure tab, available in multiple lengths.

DESIGNS & VIEWS

Produced in multiple cuts and full-sublimation designs — built to your artwork and specification.

☐ Maroon

## SIZES

- 8oz 10oz 12oz 14oz  
16oz

## OVERVIEW

Training gloves take more punishment than any other glove in the gym: pads in the morning, bags at night, five days a week. Ours are built around a dense multi-layer core and a wide hook-and-loop cuff that stays supportive wash after wash of daily use.

Available in PU for volume programs or microfiber and leather for premium lines, from 10oz to 16oz. A dependable base model for any brand catalogue.

## KEY FEATURES

- Dense multi-layer training foam
- Wide hook-and-loop wrist cuff
- Moisture-managing lining
- 10oz to 16oz range

## MATERIALS

# Sparring Gloves

RW-BG-1201 — RW-BG-1203

Product 07

Softer, safer impact profiles that protect training partners.

## AT A GLANCE

|          |                                |
|----------|--------------------------------|
| Material | Leather / microfiber / PU      |
| Padding  | Soft multi-layer sparring foam |
| Weights  | 12 to 18 oz                    |
| Closure  | Strap or lace                  |
| Use      | Partner sparring               |

## COLOURS

- ☐ Black ☐ White ☐ Red ☐ Royal Blue ☐ Navy  
☐ Yellow ☐ Green ☐ Orange ☐ Gold  
☐ Maroon

## SIZES

- 8oz 10oz 12oz 14oz  
16oz

## OVERVIEW

Sparring gloves are judged by how your partners feel the day after. We tune these with a softer, higher-rebound foam stack and a fuller knuckle profile that spreads impact instead of concentrating it.

Typically specified in 14oz and 16oz with a locked wrist and generous thumb attachment — the glove a coach trusts for hard rooms.

## KEY FEATURES

- Soft high-rebound sparring foam stack
- Fuller knuckle profile spreads impact
- Locked-in wrist with attached thumb
- 14oz and 16oz sparring weights

## MATERIALS

- Genuine Cowhide Leather Microfiber Leather

- Gold
- Maroon

SIZES

- 4oz
- 6oz
- 8oz

OVERVIEW

Young athletes need more than a small adult glove. Our youth range is built on dedicated junior lasts with softer foam densities, lighter cuffs and easy hook-and-loop closures a child can manage alone.

Available in 4oz, 6oz and 8oz with bright colourways and print-friendly panels for kids programs and club starter kits.

KEY FEATURES

- Dedicated junior hand lasts
- Softer youth foam density
- Easy solo hook-and-loop closure
- 4oz, 6oz and 8oz sizes

MATERIALS

- PU Leather
- Microfiber Leather

CONSTRUCTION

Hand cut panels over a layered foam core, with a reinforced wrist and double stitched stress seams. Closures available in hook and loop strap or traditional lace up.

MODEL RANGE

**Origin**  
RW - BG - 1601  
Premium PU build — tuned for volume programs, gym fleets and value retail.

**Prime**  
RW - BG - 1602  
Microfiber shell over an IMF core — the build most brands anchor their range on.

**Predator**  
RW - BG - 1603  
Full grain cowhide, hand-finished, pro-spec padding — fight-team and pro builds.

**OEM & PRIVATE LABEL**

MINIMUM ORDER

50 pairs per model (mixed sizes and colours allowed)

SAMPLING

1–3 weeks

LEAD TIME

3–5 weeks after sample approval

BRANDING

Embossing / debossing, screen print, embroidery, moulded rubber patch, printed inner lining

PACKAGING

Poly bag + export carton standard; custom branded boxes, hang tags and inserts on request

# Women's Boxing Gloves

Cut for narrower hands — not just recoloured.

AT A GLANCE

|          |                                    |
|----------|------------------------------------|
| Material | Leather / microfiber / PU          |
| Padding  | Layered IMF foam                   |
| Weights  | 8 to 14 oz                         |
| Closure  | Strap or lace                      |

- Green
- Orange
- Gold
- Maroon

SIZES

- 8oz
- 10oz
- 12oz
- 14oz

OVERVIEW

Most 'women's' gloves are a paint job. Ours are built on a narrower last with a slimmer wrist and shorter finger stall, so the glove actually fits the hand inside it — better contact, better protection, less fatigue.

Offered in 8oz to 14oz across boutique-friendly colourways and finishes, ready for women-led fitness and boxing brands.

KEY FEATURES

- Narrower last and slimmer wrist
- Shorter finger stall for real fit
- 8oz to 14oz range
- Boutique colourways and finishes

MATERIALS

- Genuine Cowhide Leather
- Microfiber Leather
- PU Leather

CONSTRUCTION

Hand cut panels over a layered foam core, with a reinforced wrist and double stitched stress seams. Closures available in hook and loop strap or traditional lace up.

MODEL RANGE

- Origin

RW - BG - 1701

Premium PU build — tuned for volume programs, gym fleets and value retail.
- Prime

RW - BG - 1702

Microfiber shell over an IMF core — the build most brands anchor their range on.

- 12oz
- 14oz
- 16oz

OVERVIEW

Bag work concentrates impact like nothing else. Bag gloves trade sparring softness for a denser, faster-settling foam and a snugger profile that gives clean feedback on every shot without wrecking knuckles.

From lightweight mitt-style builds to full 14oz trainers, with reinforced striking zones for commercial gym durability.

KEY FEATURES

- Dense fast-settling bag foam
- Reinforced high-wear striking zone
- Snug feedback-focused profile
- Mitt-style to 14oz builds

MATERIALS

- Genuine Cowhide Leather
- Microfiber Leather
- PU Leather

CONSTRUCTION

Hand cut panels over a layered foam core, with a reinforced wrist and double stitched stress seams. Closures available in hook and loop strap or traditional lace up.

# Coaching Gloves

Hybrid glove-and-mitt builds for coaches who catch and counter.

AT A GLANCE

|          |                                 |
|----------|---------------------------------|
| Material | Leather / microfiber / PU       |
| Padding  | Dual-zone catch and strike foam |
| Weights  | 8 to 16 oz                      |
| Closure  | Strap or lace                   |
| Use      | Coaching and padwork            |

COLOURS

- Black
- White
- Red
- Royal Blue
- Navy
- Yellow
- Green
- Orange
- Gold
- Maroon

SIZES

One size

OVERVIEW

Modern padwork moves fast — coaches catch, parry and fire back in the same exchange. Coaching gloves combine a catching face on the palm with glove-style knuckle protection on the back for exactly that job.

Padded backhand, curved catching palm, and a locked wrist strap: one tool for the whole session.

KEY FEATURES

- Curved catching palm surface
- Glove-style padded backhand
- Locked coaching wrist strap
- Breathable palm venting

MATERIALS

- Genuine Cowhide Leather
- Microfiber Leather
- PU Leather

CONSTRUCTION

Hand cut panels over a layered foam core, with a reinforced wrist and double stitched stress seams. Closures available in hook and loop strap or traditional lace up.

MODEL RANGE

**Origin**

RW - CM - 1901

PU cover over a layered foam core — commercial gym duty at a program-friendly price.

**Prime**

RW - CM - 1902

Leather cover, denser multi-stage core, reinforced strapping — full-time coaching use.

**Signature Series**

### OVERVIEW

MMA gloves live in the hardest part of the sport, taking strikes, clinches, and mat work in a single round. Ours are built around a multi density foam core that protects the knuckles without killing the feel of the hand.

Each pair is cut from genuine leather or premium PU, double stitched at the thumb and wrist, and finished by hand in competition and training builds.

### KEY FEATURES

- Open palm design for clinch and grappling
- Multi density foam knuckle protection
- Reinforced thumb and wrist stitching
- Genuine leather or premium PU shells

### MATERIALS

Genuine Cowhide Leather

Microfiber Leather

PU Leather

### CONSTRUCTION

Multi density foam over an open palm with segmented finger padding, a reinforced thumb, and an adjustable wrist strap.

### MODEL RANGE

#### Origin

RW - MMA - 2001

Premium PU build — tuned for volume programs, gym fleets and value retail.

#### Prime

# MMA Shin Guards

Slim, grappling friendly shin guards that protect without slowing the leg.

AT A GLANCE

|          |                      |
|----------|----------------------|
| Material | Foam, microfiber, PU |
| Sizes    | S to XL              |
| Closure  | Dual elastic straps  |
| Use      | MMA sparring         |

COLOURS

- Black
- White
- Red
- Royal Blue
- Navy
- Yellow
- Green
- Orange
- Gold
- Maroon

SIZES

- S
- M
- L
- XL

OVERVIEW

MMA shin guards have to survive both striking and grappling. Ours use a slim, flexible foam build that shields the shin and instep while staying low profile enough for takedowns and ground work.

A dual strap system and grippy lining keep them locked in through scrambles, so they move with the fighter rather than sliding out of place.

KEY FEATURES

- Slim flexible foam construction
- Shin and instep coverage
- Grappling friendly low profile
- Secure dual strap system

MATERIALS

- Microfiber Leather
- PU Leather
- Synthetic Leather

CONSTRUCTION

Flexible layered foam shaped to the shin and instep with a non slip lining and a dual strap closure for a secure, low profile fit.

MODEL RANGE

**Origin**  
RW - SG - 2501  
PU / synthetic construction with layered protective foam — club and retail lines.

**Prime**  
RW - SG - 2502  
Upgraded materials and moulded protection zones — competition and heavy-contact use.

**Predator**  
RW - SG - 2503  
Signature build — top-grade materials and full pro-spec finish.

**Signature Series**  
ODM · MADE TO SPEC  
Your own design from a sketch or tech pack — materials, padding, colours, branding and packaging to your spec.

# MMA Shorts

Four way stretch fight shorts built for full range striking and grappling.

AT A GLANCE

|          |                                |
|----------|--------------------------------|
| Material | Microfiber, polyester, spandex |
| Sizes    | S to XXL                       |
| Closure  | Hook and loop and drawcord     |
| Use      | MMA and grappling              |

COLOURS

- Black
- White
- Red
- Royal Blue
- Navy
- Yellow
- Green
- Orange
- Gold
- Maroon

SIZES

- S
- M
- L
- XL
- XXL

OVERVIEW

Fight shorts have to move with everything a fighter does. Ours combine durable woven panels with four way stretch inserts for an unrestricted range across kicks, sprawls, and scrambles.

A reinforced waistband with a hook and loop and drawcord closure stays locked in, and welded or sublimated branding keeps the finish clean.

KEY FEATURES

- Four way stretch side and crotch panels
- Durable woven main fabric
- Reinforced lock in waistband
- Flat welded seams for comfort

MATERIALS

Poly-Spandex Stretch Knit

CONSTRUCTION

Durable woven panels combined with four way stretch inserts, flat welded seams, and a reinforced hook and loop plus drawcord waistband.

DESIGNS & VIEWS

Produced in multiple cuts and full-sublimation designs — built to your artwork and specification.

OEM & PRIVATE LABEL

MINIMUM ORDER

50 pieces per design (size runs allowed)

BRANDING

Full sublimation, screen print, embroidery, tackle twill, woven labels and hang tags

3-5 weeks after sample approval

# Rash Guards

Compression rash guards that protect the skin and wick sweat fast.

AT A GLANCE

|          |                       |
|----------|-----------------------|
| Material | Polyester and spandex |
| Sizes    | S to XXL              |

COLOURS

- Black
- White
- Red
- Royal Blue
- Navy
- Yellow
- Green
- Orange
- Gold
- Maroon

SIZES

- S
- M
- L
- XL
- XXL

OVERVIEW

A rash guard keeps the skin protected on the mat and the body cool under pressure. Ours use a tight compression knit that resists mat burn and abrasion while moving freely with the athlete. Flatlock seams sit flat against the skin to prevent chafing, and full sublimation lets you run edge to edge custom designs.

KEY FEATURES

- Compression performance knit
- Mat burn and abrasion resistance
- Moisture wicking quick dry fabric
- Flatlock anti chafe seams

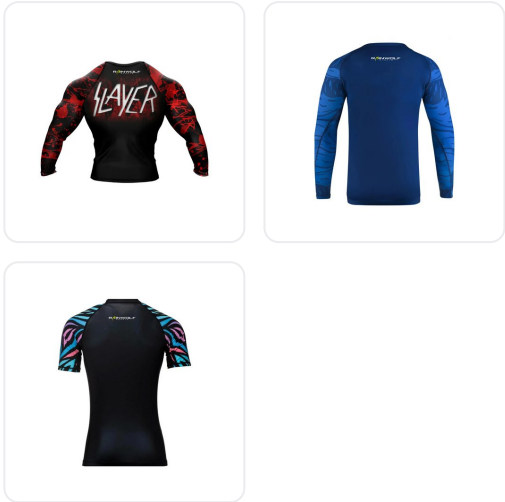

MATERIALS

Poly-Spandex Stretch Knit

CONSTRUCTION

Compression polyester and spandex knit with flatlock seams and full dye sublimation for durable, edge to edge custom graphics.

DESIGNS & VIEWS

Produced in multiple cuts and full-sublimation designs — built to your artwork and specification.

**OEM & PRIVATE LABEL**

MINIMUM ORDER

50 pieces per design (size runs allowed)

BRANDING

Full sublimation, screen print, embroidery, tackle twill, woven labels and hang tags

SAMPLING

# MMA Sparring Gloves

Hybrid 7oz builds that make hard MMA rounds survivable.

### AT A GLANCE

|          |                           |
|----------|---------------------------|
| Material | Leather / microfiber / PU |
| Padding  | Multi density foam        |
| Weights  | 7 oz hybrid               |
| Sizes    | S to XL                   |
| Closure  | Hook and loop strap       |

### COLOURS

- Black
- White
- Red
- Royal Blue
- Navy
- Yellow
- Green
- Orange
- Gold
- Maroon

### SIZES

- S
- M
- L
- XL

### OVERVIEW

MMA sparring needs boxing-glove protection with MMA-glove function. This hybrid category adds a fuller foam envelope around knuckles and fingers while keeping enough dexterity to clinch and grapple.

Our 7oz hybrid pattern is the room-safe choice for fight camps and MMA gyms running live rounds.

### KEY FEATURES

- Full hybrid foam envelope
- Clinch-capable finger design
- 7oz sparring specification
- Secure double wrist strap

### MATERIALS

- Genuine Cowhide Leather
- Microfiber Leather
- PU Leather

### CONSTRUCTION

Multi density foam over an open palm with segmented finger padding, a reinforced thumb, and an adjustable wrist strap.

### MODEL RANGE

**Origin**  
RW - MMA - 2201  
Premium PU build — tuned for volume programs, gym fleets and value retail.

**Prime**  
RW - MMA - 2202  
Microfiber shell over an IMF core — the build most brands anchor their range on.

**Predator**  
RW - MMA - 2203  
Full grain cowhide, hand-finished, pro-spec padding — fight-team and pro builds.

**Signature Series**  
ODM · MADE TO SPEC  
Your own design from a sketch or tech pack — materials, padding, colours, branding and packaging to your spec.

### OVERVIEW

The 4oz competition glove is the sharpest expression of MMA equipment: minimal, precise, and unforgiving of bad manufacturing. Ours are cut for full fist closure with clean seam paths that never contact the knuckle line.

Built to common promotion specifications with full custom branding for fight teams and event organisers.

### KEY FEATURES

- True 4oz competition build
- Full fist closure geometry
- Seam paths clear of knuckle line
- Promotion-standard patterning

### MATERIALS

Genuine Cowhide Leather

### CONSTRUCTION

Multi density foam over an open palm with segmented finger padding, a reinforced thumb, and an adjustable wrist strap.

OVERVIEW

The ground game has its own equipment list. We produce grappling ear guards with soft-shell protection, grippy-soled grappling socks, and compression spats built for mat friction and constant washing.

A rounded grappling range lets MMA and BJJ brands cover the whole athlete from one manufacturing partner.

KEY FEATURES

- Soft-shell ear guard protection
- Grip-soled grappling socks
- Mat-tough compression spats
- Wash-resistant construction

MATERIALS

Poly-Spandex Stretch Knit

CONSTRUCTION

Multi density foam over an open palm with segmented finger padding, a reinforced thumb, and an adjustable wrist strap.

DESIGNS & VIEWS

Produced in multiple cuts and full-sublimation designs — built to your artwork and specification.

**OEM & PRIVATE LABEL**

- Royal Blue
- Navy
- Yellow
- Green
- Orange
- Gold
- Maroon

SIZES

- 8oz
- 10oz
- 12oz
- 14oz
- 16oz

OVERVIEW

A Muay Thai glove is not a boxing glove with a new label. The Thai pattern runs a shorter cuff, a more even padding distribution for kicks and blocks, and a flexible palm that lets athletes clinch and grab.

Built in classic Thai silhouettes from 8oz to 16oz, with the vivid colourways and metallic finishes the discipline is known for.

KEY FEATURES

- Authentic Thai glove pattern
- Flexible clinch-ready palm
- Even block-friendly padding
- Shorter Thai cuff

MATERIALS

- Genuine Cowhide Leather
- Microfiber Leather
- PU Leather

CONSTRUCTION

Hand cut panels over a layered foam core, with a reinforced wrist and double stitched stress seams. Closures available in hook and loop strap or traditional lace up.

DESIGNS & VIEWS

Produced in multiple cuts and full-sublimation designs — built to your artwork and specification.

OEM & PRIVATE LABEL

MINIMUM ORDER

50 pairs per model (mixed sizes and colours allowed)

BRANDING

Embossing / debossing, screen print, embroidery, moulded rubber patch, printed inner lining

# Muay Thai Shorts

Traditional cut, satin shine, full sublimation freedom.

AT A GLANCE

|          |                               |
|----------|-------------------------------|
| Material | Satin / sublimated microfiber |
| Sizes    | S to XXL                      |
| Closure  | Hook and loop and drawcord    |
| Use      | Muay Thai and kickboxing      |

COLOURS

- Black
- White
- Red
- Royal Blue
- Navy
- Yellow
- Green
- Orange
- Gold
- Maroon

SIZES

- XS
- S
- M
- L
- XL
- XXL

OVERVIEW

Muay Thai shorts are the most recognisable garment in combat sports: high side slits, wide waistband, satin finish. We produce them in traditional and modern cuts with full-panel sublimation for unlimited design.

From classic embroidered satin to all-over printed microfiber — team sets, retail lines and fighter customs.

KEY FEATURES

- Traditional high-slit Thai cut
- Wide elastic tie waistband
- Satin or sublimated microfiber
- Full-panel print freedom

MATERIALS

Polyester Satin

CONSTRUCTION

Durable woven panels combined with four way stretch inserts, flat welded seams, and a reinforced hook and loop plus drawcord waistband.

DESIGNS & VIEWS

Produced in multiple cuts and full-sublimation designs — built to your artwork and specification.

**OEM & PRIVATE LABEL**

MINIMUM ORDER

50 pieces per design (size runs allowed)

BRANDING

Full sublimation, screen print, embroidery, tackle twill, woven labels and hang tags

SAMPLING

PACKAGING

Individually poly-bagged with size stickers; custom retail packaging on request

LEAD TIME

3–5 weeks after sample approval

# Kick Pads

Compact strike pads sized between focus mitt and full Thai pad.

AT A GLANCE

|          |                            |
|----------|----------------------------|
| Material | Leather / microfiber / PU  |
| Padding  | Layered high-density core  |
| Use      | Kicks, knees, combinations |

COLOURS

- Black
- White
- Red
- Royal Blue
- Navy
- Yellow
- Green
- Orange
- Gold
- Maroon

SIZES

- Standard
- Curved
- Junior

OVERVIEW

Kick pads fill the gap in the padholder’s kit: bigger than a mitt, faster than a full Thai pad. A curved dense-core face absorbs round kicks and knees while staying light enough for long combination rounds. Double-strap forearm mounting and layered shock foam make these a staple for kickboxing and Muay Thai programs.

KEY FEATURES

- Curved dense-core strike face
- Light enough for long rounds
- Double-strap forearm mount
- Layered shock absorption foam

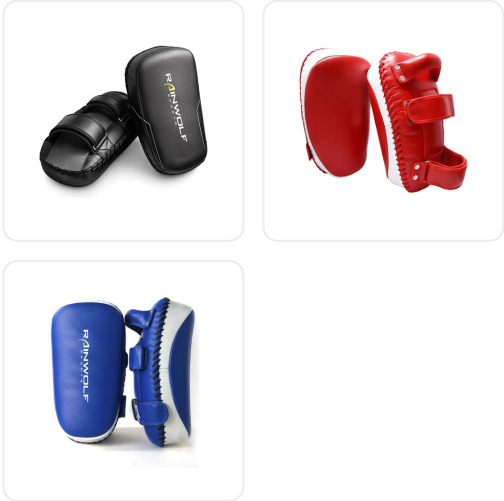

MATERIALS

- Genuine Cowhide Leather
- Microfiber Leather
- PU Leather

CONSTRUCTION

Dense multi layer foam over a rigid core, finished with a tough shell, a curved strike face, and reinforced dual forearm straps.

DESIGNS & VIEWS

Produced in multiple cuts and full-sublimation designs — built to your artwork and specification.

OEM & PRIVATE LABEL

MINIMUM ORDER

### OVERVIEW

A good head guard protects without getting in the way. Ours wrap the head in shock absorbing foam with cheek and temple coverage while keeping sightlines open for sparring.

A multi point adjustment system locks the fit for any athlete, and a breathable interior manages heat through long rounds.

### KEY FEATURES

- Shock absorbing multi zone foam
- Cheek and temple coverage
- Wide unobstructed field of vision
- Multi point adjustable fit

### MATERIALS

- Genuine Cowhide Leather
- Microfiber Leather
- PU Leather

### CONSTRUCTION

Contoured foam panels on a structured shell with hook and loop rear and chin adjustment and a breathable padded interior.

### MODEL RANGE

- Orange
- Gold
- Maroon

SIZES

- S
- M
- L
- XL

OVERVIEW

Shin pads have to protect the leg from hard contact and stay light enough to throw fast, clean kicks. Ours use a moulded shell over a shock absorbing foam core to spread impact while keeping the leg quick.

A dual strap system locks the guard in place through rounds of sparring, and the instep panel extends protection to the foot.

KEY FEATURES

- Lightweight moulded protective shell
- Shock absorbing foam core
- Secure dual strap fastening
- Full instep and ankle coverage

MATERIALS

- PU Leather
- Synthetic Leather

CONSTRUCTION

A moulded outer shell bonded to a shock absorbing foam core with an extended instep panel and a secure dual strap closure.

- Maroon

## SIZES

S M L XL

## OVERVIEW

Elbow guards take the impact out of clinches, takedowns, and mat contact. Ours wrap the joint in shaped foam set into a breathable compression sleeve for protection that stays put.

The sleeve flexes with the arm through full range movement, so athletes keep mobility while the joint stays cushioned.

## KEY FEATURES

- Shaped impact foam padding
- Breathable compression sleeve
- Full range of motion flex
- Non slip secure fit

## MATERIALS

Poly-Spandex Stretch Knit

## CONSTRUCTION

Shaped protective foam set into a breathable, four way stretch compression sleeve with non slip cuffs for a secure fit.

# Knee Guards

Compression knee guards that cushion impact and support the joint.

AT A GLANCE

|          |                             |
|----------|-----------------------------|
| Material | Foam and compression fabric |
| Sizes    | S to XL                     |
| Use      | Grappling and striking      |

COLOURS

- Black
- White
- Red
- Royal Blue
- Navy
- Yellow
- Green
- Orange
- Gold
- Maroon

SIZES

- S
- M
- L
- XL

OVERVIEW

Knee guards protect one of the most exposed joints in combat sports. Ours combine shaped foam padding with a supportive compression sleeve to absorb impact from mat work, takedowns, and knees.

A contoured fit keeps the padding centred over the joint while allowing a full, natural range of motion.

KEY FEATURES

- Shaped impact absorbing foam
- Supportive compression sleeve
- Contoured joint centred fit
- Full range of motion

MATERIALS

Poly-Spandex Stretch Knit

CONSTRUCTION

Contoured protective foam built into a breathable compression sleeve with non slip bands to keep the padding centred during movement.

- White
- Red
- Royal Blue
- Navy
- Yellow
- Green
- Orange
- Gold
- Maroon

## SIZES

S/M

L/XL

Junior

## OVERVIEW

Chest protectors take the sting out of body shots in training and youth competition. Ours spread impact across a layered foam body shield that covers the chest, ribs, and stomach.

An adjustable harness keeps the protector secure and centred, while a breathable backing manages heat through long sessions.

## KEY FEATURES

- Layered foam body shield
- Chest, rib, and stomach coverage
- Adjustable secure harness
- Lightweight low bulk build

## MATERIALS

Microfiber Leather

PU Leather

Synthetic Leather

## CONSTRUCTION

Layered foam panels on a contoured body shield with an adjustable cross back harness and a breathable, wicking inner lining.

## MODEL RANGE

### Origin

RW-CG-3401

PU / synthetic construction with layered protective foam — club and retail lines.

### Predator

RW-CG-3403

Signature build — top-grade materials and full pro-spec finish.

### Signature Series

ODM · MADE TO SPEC

Your own design from a sketch or tech pack — materials, padding, colours, branding and packaging to your spec.

- White
- Red
- Royal Blue
- Navy
- Yellow
- Green
- Orange
- Gold
- Maroon

### SIZES

- S
- M
- L
- XL

### OVERVIEW

The face saver adds a padded transverse bar across the face, taking direct contact away from the nose and cheekbones entirely — the head guard of choice during fight camps and for athletes protecting injuries.

Built with a moulded bar, deep cheek pads and a wide field of vision, in hook-and-loop and lace-adjust fits.

### KEY FEATURES

- Padded transverse face bar
- Complete nose and cheek coverage
- Wide preserved field of vision
- Deep protective cheek pads

### MATERIALS

- Genuine Cowhide Leather
- Microfiber Leather
- PU Leather

### CONSTRUCTION

Contoured foam panels on a structured shell with hook and loop rear and chin adjustment and a breathable padded interior.

### MODEL RANGE

- Origin**  
RW-HG-3101  
PU / synthetic construction with layered protective foam — club and retail lines.
- Prime**  
RW-HG-3102  
Upgraded materials and moulded protection zones — competition and heavy-contact use.

## SIZES

One size (pair)

## OVERVIEW

A workhorse for any gym, our focus pads balance a responsive strike face with comfortable, fatigue resistant holding for long coaching sessions.

Layered foam absorbs impact cleanly while a contoured grip and finger slots keep the pad locked to the hand round after round.

## KEY FEATURES

- Responsive layered strike face
- Comfortable fatigue resistant grip
- Contoured hand and finger slots
- Durable reinforced binding

## MATERIALS

Genuine Cowhide Leather

Microfiber Leather

PU Leather

## CONSTRUCTION

Layered foam bonded to a supportive backing with a contoured grip, finger slots, and reinforced edge binding for daily use.

## MODEL RANGE

### Origin

RW - FP - 4001

PU cover over a layered foam core — commercial gym duty at a program-friendly price.

### Prime

RW - FP - 4002

Leather cover, denser multi-stage core, reinforced strapping — full-time coaching use.

# Thai Pads

Heavy duty Thai pads built to absorb kicks, knees, and hard rounds.

AT A GLANCE

|          |                           |
|----------|---------------------------|
| Material | Leather / microfiber / PU |
| Padding  | Dense multi layer foam    |
| Use      | Muay Thai and kickboxing  |

COLOURS

- Black
- White
- Red
- Royal Blue
- Navy
- Yellow
- Green
- Orange
- Gold
- Maroon

SIZES

- Standard
- Curved
- Junior

OVERVIEW

Thai pads take the heaviest punishment in the gym. Ours use dense, multi layer foam over a rigid core to absorb full power kicks and knees while protecting the holder.

Reinforced forearm straps and a secure grip bar keep the pad stable through round after round of hard striking, and tough leather or PU shells stand up to daily use.

KEY FEATURES

- Dense multi layer impact foam
- Rigid impact spreading core
- Reinforced forearm straps and grip
- Curved striking surface

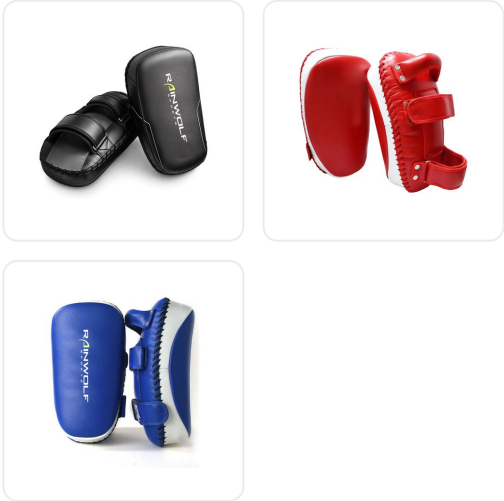

MATERIALS

- Genuine Cowhide Leather
- Microfiber Leather
- PU Leather

CONSTRUCTION

Dense multi layer foam over a rigid core, finished with a tough shell, a curved strike face, and reinforced dual forearm straps.

DESIGNS & VIEWS

Produced in multiple cuts and full-sublimation designs — built to your artwork and specification.

# Kick Shields

Large impact shields for powerful kicks, knees, and team drills.

AT A GLANCE

|          |                           |
|----------|---------------------------|
| Material | Microfiber, PU, synthetic |
| Padding  | Thick layered foam        |
| Sizes    | Standard, Compact         |
| Use      | Power and team drills     |

COLOURS

- Black
- White
- Red
- Royal Blue
- Navy
- Yellow
- Green
- Orange
- Gold
- Maroon

SIZES

- Standard
- Compact

OVERVIEW

A kick shield turns one holder into a moving target for full power work. Ours pack thick, layered foam behind a broad strike face to soak up kicks, knees, and push kicks safely.

Multiple sturdy handles let coaches brace and angle the shield, and a reinforced shell keeps it intact through heavy, repeated impact.

KEY FEATURES

- Thick layered impact foam
- Broad full power strike face
- Multiple reinforced handles
- Stable bracing for the holder

MATERIALS

- Microfiber Leather
- PU Leather
- Synthetic Leather

CONSTRUCTION

Thick layered foam behind a broad strike face on a reinforced shell, with multiple heavy duty handles for bracing and angling.

DESIGNS & VIEWS

Produced in multiple cuts and full-sublimation designs — built to your artwork and specification.

- White
- Red
- Royal Blue
- Navy
- Yellow
- Green
- Orange
- Gold
- Maroon

SIZES

- 3 ft
- 4 ft
- 5 ft
- 6 ft

OVERVIEW

A heavy bag is the backbone of any gym floor. Ours are built with a tough outer shell and a dense, evenly packed filling that holds its shape and absorbs heavy combinations.

Reinforced seams and heavy duty hanging straps stand up to constant use, and we supply unfilled or filled formats for boxing, Muay Thai, and MMA.

KEY FEATURES

- Tough abrasion resistant shell
- Dense even shape holding fill
- Reinforced stress seams
- Heavy duty hanging straps or D rings

MATERIALS

- Genuine Cowhide Leather
- PU Leather
- Synthetic Leather

CONSTRUCTION

A heavy duty outer shell with reinforced stress seams and a dense, evenly distributed filling, finished with industrial hanging straps or D rings.

MODEL RANGE

Origin

RW - PB - 4401

Heavy-duty PU shell, reinforced seams and mounting — commercial gym specification.

Prime

RW - PB - 4402

Premium shell with upgraded suspension hardware and custom fill options.

# Curved Focus Mitts

Ergonomic curved faces that sit naturally in the catching hand.

### AT A GLANCE

|          |                           |
|----------|---------------------------|
| Material | Leather / microfiber / PU |
| Padding  | Layered shock foam core   |
| Use      | Precision padwork         |

### COLOURS

- Black
- White
- Red
- Royal Blue
- Navy
- Yellow
- Green
- Orange
- Gold
- Maroon

### SIZES

One size (pair)

### OVERVIEW

The curved mitt is what working coaches reach for: the dished face guides punches to centre, cuts catch shock at the wrist, and holds position through fast combinations better than any flat pad. Layered shock foam, a finger-protection back and a secure strap make these an all-day coaching tool.

### KEY FEATURES

- Ergonomic dished catching face
- Shock-cut wrist geometry
- Finger and thumb protection
- All-day coaching comfort

### MATERIALS

- Genuine Cowhide Leather
- Microfiber Leather
- PU Leather

### CONSTRUCTION

Layered foam bonded to a supportive backing with a contoured grip, finger slots, and reinforced edge binding for daily use.

OVERVIEW

Nothing builds a gym’s identity like walking in matching kit. We produce coordinated teamwear sets — tees, hoodies, shorts and tracksuits — under one design language with names and numbers per athlete.

Low per-design minimums make team programs realistic for single gyms as well as national squads.

KEY FEATURES

- Coordinated multi-garment sets
- Per-athlete names and numbers
- Tees, hoodies, shorts, tracksuits
- Single-gym friendly minimums

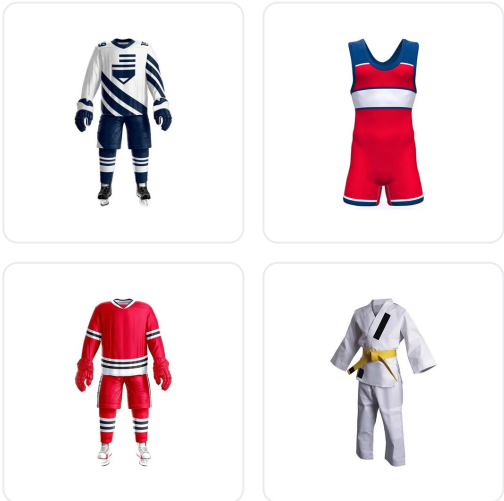

MATERIALS

- Cotton-Poly Blend
- Poly-Spandex Stretch Knit

CONSTRUCTION

Compression polyester and spandex knit with flatlock seams and full dye sublimation for durable, edge to edge custom graphics.
